LOW BACK SIDELESS SEAT COVERS WITH REMOVABLE HEADRESTS

INSTALLATION GUIDE / GUIA DE INSTALACIÓN

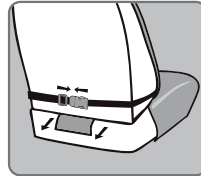

1. Remove the headrest gently. If necessary insert a pin to release the pole.
Remueva las cabeceras, en caso necesario inserte un metal delgado en la base para desbloquearlo.

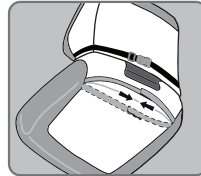

2. Align top opening with headrest holes and slide it over the seat shoulders.
Ponga la apertura sobre la base de las cabeceras y deslice la funda sobre los hombros del asiento.

3. Align the cover with backrest seams and pull down snugly over the cushion.
Deslice la funda sobre respaldar y la base de forma que alinien las costuras.

4. Insert the crevice push bar in the middle and pull it from the back. Close the back strap.
Inserte la lengüeta por en medio del asiento y ajústelo desde atrás. Cierre la correa para asegurar el asiento.

5. Pull and connect cushion elastics behind or below the seat. Don't hook onto cables or connectors.
Conecte los elasticos de la base por debajo o detras del asiento. No enganche sobre cables o conectores.

6. Slide the cover over the headrest and reattach to the seat.
Instale la funda para la cabecera. Reinstale la cabezera al asiento.

WARNING: This product has been designed and tested to be compatible with side impact airbags. However hasn't been tested with all vehicle models and years. For some vehicles the seat cover may affect the operations of the mounted side airbag system, which could increase the change of serious injury in case of an accident. Check manufacturer manual and air bag position before installing this product on your vehicle.
